EXPERIENCE

Wipro Ltd | Testimony

Oct 2022 – Oct 2024

- Project: ICICI Bank, Hyd
- Skills Known: Data Entry, IT Support, IT Technical Team, MS Office
- Served as IT Support Engineer specializing in database management and asset management to enhance operational efficiency.
- Administered databases, ensuring data integrity and availability for critical business operations.
- Provided technical support for database systems and applications.
- Contributed two years of expertise in optimizing support process and enhancing system performance.
- Executed asset management strategies that improved tracking and optimization of resources.

PROJECTS

- Multi-Modal Graph RAG for Driver Safety Monitoring**  
Designed a multi-modal Graph RAG system integrating visual, sensor, and contextual information for driver safety analysis and risk detection.
Tech Stack: Python, Graph RAG, LLMs, PyTorch, OpenCV, NetworkX, Computer Vision
- Smart Interview Preparation Agent (GenAI + Activepieces)** 
Developed an AI-powered interview preparation agent for dynamic question generation, interview evaluation, and performance tracking using LLM-based workflows.
Tech Stack: Python, LLMs, Activepieces, OpenAI API, Prompt Engineering, REST APIs
- Context-Aware Tourist Recommendation System**  
Developed a real-time recommendation system using Decision Trees, weather data, and user preferences to generate context-aware tourist recommendations.
Tech Stack: Python, Flask, Decision Tree, JavaScript, HTML/CSS, OpenStreetMap API, Weather API
- NLP-Based Language Detection, Readability & Bias Analysis**  
Developed an NLP dashboard for language detection, sentiment analysis, readability scoring, and bias analysis with interactive data visualizations.
Tech Stack: Python, FastText, VADER, TextStat, Pandas, Matplotlib, Flask
- Helmet & Triple Riding Detection** 
Developed an automated computer vision system for detecting helmet violations and triple riding among two-wheeler riders in real-time surveillance footage using deep learning and image processing. The system aims to improve traffic law enforcement by automatically identifying riders without helmets and instances of triple riding, reducing the dependency on manual monitoring.
Tech Stack: Python, YOLOv3, OpenCV, Deep Learning, CNN, Computer Vision, Image Processing.

PUBLICATIONS & CONFERENCES

- Hybrid Intelligence Learning Architecture for Pulmonary Hypertension Diagnosis** – ICEFEET 2026 (Accepted)  

EDUCATION

B.E. Computer Science and Engineering (AI & ML)

2024 – 2027

M. S. Ramaiah Institute of Technology, Bengaluru

CGPA: **8.36** (Current, till 6th Semester)

Diploma in Computer Science and Engineering

2019 – 2021

Dayananda Sagar Institute of Technology, Bengaluru

Percentage: **82.43%**

TECHNICAL SKILLS

- **Programming:** Java, Python, C, SQL
- **Web Technologies:** HTML, PHP, CSS, XML
- **AI/ML:** Machine Learning, Deep Learning (CNN, RNN, LSTM, Transformers), Explainable AI
- **GenAI:** RAG, LLMs, Prompt Engineering, Vector Search, OpenAI API
- **Libraries/Frameworks:** PyTorch, TensorFlow, Keras, Scikit-learn, NumPy, Pandas, Matplotlib, Flask
- **Data:** Data Preprocessing, Feature Engineering, Time-Series Analysis, Model Evaluation, ETL, MySQL
- **DevOps & Deployment:** Git, GitHub, GitHub Actions, CI/CD, Vercel, Render
- **Tools & Platforms:** Snowflake, Databricks, Activepieces
- **Core CS:** Data Structures & Algorithms, Operating Systems, Databases
- **Networking & Security:** TCP/IP, Subnetting, Network Security, Vulnerability Analysis
- **Data Visualization:** Power BI, Tableau, MS Office

CERTIFICATIONS

- **AWS Academy Graduate - Machine Learning Foundations**  Certificate
- **Google Cloud Career Launchpad Google DeepMind AI Research Foundations track - Google Cloud**  Certificate
- **Google Hackathon Workshop Participant - Google AI Studio & Google Antigravity**  Certificate
- **SnowPro Associate - Snowflake**  Certificate
- **MS-102T 00:Microsoft365 Administrator – KOENIG**  Certificate
- **The Bits and Bytes of Computer Networking – Coursera**  Certificate

PERSONAL INFORMATION

Father's Name:	Syed Amjad
Mother's Name:	Salma Nasreen
DOB:	01-10-2003
Languages Known:	English, Urdu, Hindi, Kannada and Telugu.
Nationality:	Indian
